

Give Every Dollar a Job

Split a real paycheck into three buckets and watch the system total itself.

BUCKET 1**Peace of mind (cushion)**

\$ _____

Boring and liquid.

BUCKET 2**Growth (index funds)**

\$ _____

Untouched for years.

BUCKET 3 Freedom (bigger plays)

\$ _____

Total working every month

= _____

Working for you over a year

Idle money has a real cost: one \$312K...

= _____

Automatic transfers scheduled for payday☐**Quarterly check-in on my calendar**

Check the system, not the balance.

☐**Every dollar needs a job.**

If you don't assign it a role, someone else will.
